

Privacy Policy

DRAFT FOR REVIEW — NOT FOR PUBLICATION UNTIL CONFIRMED

Last updated: [CONFIRM: effective date]

This draft explains how VetScribe may collect, use, disclose, retain and protect personal information. It must be checked against the actual VetScribe product, suppliers and data flows before publication.

1. Who we are

VetScribe is an AI-assisted clinical documentation service designed for veterinary teams.

[CONFIRM: full legal entity operating VetScribe]

[CONFIRM: registered office/business address]

[CONFIRM: privacy contact email]

[CONFIRM: Data Protection Officer contact details, if applicable]

2. Information we may process

- Account information, such as name, email address, practice name, role and login/account details.
- Billing and subscription information, where applicable.
- Consultation content submitted to or captured by VetScribe, which may include audio, transcripts, clinical notes, patient information, owner/client information and other consultation details.
- Technical and usage information, such as device/browser information, log data and service usage information.
- Support and communications information when users contact VetScribe.

[CONFIRM: exact categories of data collected by the live product]

[CONFIRM: whether consultation audio is recorded/stored, and for how long]

3. How we use information

- To provide and operate VetScribe and generate AI-assisted draft clinical documentation.
- To authenticate users and administer accounts.
- To maintain, troubleshoot and improve service reliability.
- To provide customer support and respond to enquiries.
- To manage subscriptions and payments, where applicable.
- To comply with legal, regulatory and security obligations.

[CONFIRM: all actual processing purposes]

4. Legal bases

The lawful basis depends on the processing activity and VetScribe's role in relation to the relevant data.

[CONFIRM: lawful basis for each processing purpose, e.g. contract, legitimate interests, legal obligation or consent where applicable]

[CONFIRM: whether any special category personal data is processed and the applicable Article 9 condition, if relevant]

5. Veterinary practices, controllers and processors

Depending on the circumstances, a veterinary practice may determine why and how personal data is used in its clinical workflow, while VetScribe may process that data on the practice's documented instructions.

[CONFIRM: controller/processor roles for each relevant data flow]

[CONFIRM: whether a Data Processing Agreement is provided to veterinary practices]

6. AI processing and model training

VetScribe uses AI technology to assist with transforming consultation information into draft clinical documentation.

[CONFIRM: AI/transcription/model providers used]

[CONFIRM: whether customer data, consultation content or outputs are used to train or improve any AI models]

[CONFIRM: whether users can opt out of any model-improvement processing, if applicable]

7. Service providers and subprocessors

VetScribe may use third-party service providers to support hosting, AI processing, transcription, authentication, analytics, payments, email or customer support.

[CONFIRM: complete list of subprocessors/service providers and their purposes]

8. International transfers

[CONFIRM: countries/regions where personal data is stored or processed]

[CONFIRM: international transfer safeguards used where required]

9. Data retention and deletion

Personal data should not be retained for longer than necessary for the purposes for which it is processed.

[CONFIRM: retention period for consultation audio]

[CONFIRM: retention period for transcripts, clinical notes and account data]

[CONFIRM: what happens to data when an account is closed or deleted]

[CONFIRM: backup deletion timetable, if applicable]

10. Security

VetScribe aims to use technical and organisational measures appropriate to the risks associated with the personal data it processes.

[CONFIRM: verified security measures, including encryption, access controls, authentication, logging, backups and practice-level separation where applicable]

11. Your data protection rights

Depending on the circumstances and applicable UK data protection law, individuals may have rights including access, rectification, erasure, restriction, objection and data portability, as well as rights relating to certain automated decision-making.

[CONFIRM: process and contact details for exercising data protection rights]

12. Complaints

Individuals may have the right to complain to the UK Information Commissioner's Office (ICO) about the handling of their personal data.

[CONFIRM: whether additional complaint/escalation information should be provided]

13. Cookies and analytics

[CONFIRM: cookies, analytics or tracking technologies currently used and whether a separate cookie notice/consent mechanism is required]

14. Changes to this Privacy Policy

We may update this Privacy Policy from time to time. The current version should display its effective date.

Review checklist

- Confirm every red CONFIRM field before publication.
- Check that the policy matches the live product and actual data flows.
- Review all AI/model-training statements with the technical team.
- Obtain appropriate legal/data-protection review before publication.
